ENVIRONMENTAL SUSTAINABILITY POLICY

Sbenz Construction and Services is committed to protecting the environment and promoting sustainability in all aspects of our operations.

We recognise the importance of preserving natural resources for future generations and strive to minimize our environmental footprint.

Environmental Responsibility

- Efficiently use energy, water, and materials on all projects.
- Reduce, reuse, and responsibly dispose of construction and plumbing waste.
- Choose sustainable and environmentally friendly materials wherever possible.

Resource Efficiency

- Optimise materials and processes to reduce waste.
- Encourage the use of renewable and recycled resources.
- Minimise fuel consumption and vehicle emissions.

Health, Safety & Community

- Maintain a safe working environment in line with South African regulations.
- Provide training to ensure employees work safely and sustainably.
- Support local communities through employment, skills development, and engagement initiatives.

Partnerships & Suppliers

- Collaborate with suppliers and partners committed to sustainable and ethical practices.
